C10(001)_20210617

Welcome to Android 10!

This release upgrades your C10 from Android 9.0 to Android 10, June SPL. Android 10 brings major improvements to your device, including:

- Security enhancements
- Project mainline support for decoupled updates
- WIFI, keyguard, and security enhancements
- Manual system update deployments (EMM dependent)

... and more: Consumer features | Enterprise features

Build date: June 17th, 2021
Build type: Maintenance Release (MR)
Security patch level: June 05
Build version: C10(001)_20210617
OTA targets build: C10(001)_20210129

Please update as soon as is convenient to ensure your device remains secure. As this is a seamless update supported device, the update will download and apply in the background, needing only a reboot when prompted.

Note: As this is a major release, it is recommended the update be deployed over Wi-Fi, on on unlimited data plans. Expect to consume up to 1GB of data.
